

Notice: Unconstitutional Local Tax Refund

Adult Use Consumers Only

Voluntary Share of Refund

As you may know, certain Missouri counties imposed a 3% local tax on dispensary sales, which was later found unconstitutional.

Following the Missouri Supreme Court's ruling, the Department of Revenue rescinded the unconstitutional tax. Under Missouri law, any sales tax refunds are issued to the retailer who was required to collect and remit those taxes.

The company is entitled to a refund of the unconstitutional taxes it paid, and we have decided to voluntarily share that refund with eligible adult-use customers.

To ensure accuracy and protect your privacy, all requests to share in this refund will be processed through our secure form submission.
